The Empress Shoe Needs No Breaking In

An ill-fitting shoe won't fit by stamping your foot into it.

The Empress Shoes fit so well that you put your foot into it easily—and you can wear it right away.

A shoe that must be "broken in" is wrong in construction, or it doesn't fit you. Perhaps you have broken up your poor feet by "breaking in" such bad shoes.

Get the shoe that is made on the lines of your natural foot and you won't have to "break it in" or stuff it out with cotton, or build it up with insoles.

Empress Shoes need no "breaking in." They fit and they are just as stylish as the latest fashion requires.

AROUND THE TOWN

The Alberta legislature opened at Edmonton on Tuesday.

A. G. Studer was a visitor at Medicine Hat over the week end.

Miss Eva Clark of Calgary is visiting with her brother, Mr. Norman Clark.

Miss Eva Lundy of Innisfail paid a week end visit with her sister, Mrs. J. A. Findlay.

Mr. D. C. Davidson of Lipton, Sask., arrived here last week and has taken over his duties as manager of the Royal Bank.

Rev. W. Shearer, superintendent of Presbyterian missions for southern Alberta, will conduct the services in Knox Presbyterian church on Sunday night next.

Another carnival will be held at the skating rink on Thursday night. Good prizes are being offered for good costumes. Admission 25¢. Skating after carnival.

A.C. Ferguson of Owen Sound, brother-in-law of A. Ceaser, and Mrs. A. Ceaser who has been visiting in Ontario for a few weeks, arrived in Didsbury on Saturday night last.

Mr. F. K. Owen of Winnipeg has been appointed teller at the local branch of the Union Bank and Mr. Alpheus Weber has been promoted to the position of accountant.

J. Baptist of Sunnyslope was in town on Tuesday. Jack states that he has sold out his hotel business at the Slope to J. J. Falk and intends devoting his whole interests to his ranch.

R. Hana and G. Backmet of Calgary, have accepted positions in Tommy Stark's barber shop. Jake Lang has gone to Three Hills to pack up his household goods for removal to Didsbury.

Mr. L. A. Loveland and others report witnessing a beautiful sight in the heavens on Sunday night about 7.15. It consisted of from ten to fifteen shooting stars which sent myriads of diamond like smaller stars from west to east.

Miss Eva Sexsmith has been successful in winning the prize of books donated by the Alberta Woman's Association to the student who worked the most faithfully in grade XII, Red Deer High School, term ending June, 1912.

The annual meeting of the Knox congregation will be held in Wrigglesworth's hall on Monday evening, Feb. 17th. The ladies will provide a supper in connection therewith. All adults who attend the Presbyterian services are not only invited but urgently requested to be present. Supper will be served at 6.30.

Mr. A. A. Steplar, who has been manager of the local branch of the Royal Bank, left on Monday for Redcliffe, Alta., to take up the same duties in that town. While Mr. Steplar has only been with us a short time he has made himself quite popular by his social, gentlemanly bearing and he will carry the best wishes of the community with him to his new position.

Two rinks skipped by Fred Moyle and J. N. Paton played a friendly game of curling on Thursday night last. It was the banner game of the season, one rink getting thoroughly "skunked." The score? Oh somewhere around 20-0. The line-up was as follows: F. Moyle, skip; G. B. Sexsmith, 3rd; H. Gathercole, 2nd; E. G. Grant, lead. J. N. Paton, skip; H. S. Patterson, 3rd; L. J. Kalbfleisch, 2nd; L. C. Coffey, lead. Ask Fred which rink got skunked.

WE are getting more every day.
More what?

More satisfied coal customers, of course.

We have a few loads of good, dry Poplar stove wood, also some good 14 and 18 ft. poles on hand.

A Terrible Crash in Prices

Big Bargains in all lines. In the Great Sale we give you all the Profits and part of the Cost. Everything must go in the next fourteen days. Watch the prices tumble. Let nothing keep you away. Come and bring your friends and see the advertised bargains. Remember there are one thousand Things we cannot begin to tell you about in this paper. There is plenty of winter weather ahead yet.

Yours for Bargains,

Reitzel & Kalbfleisch

GO TO N. WEICKER'S FOR YOUR

White Fish

They are nice and fresh during the cold weather

We take in hogs every Monday at top market price. Top price paid for beef hides.

N. WEICKER, Didsbury Meat Market

Mrs. A. A. Steplar left for a sharp. Everyone of the above visit to Leamington, Ont., on Saturday night's train.

The special services in the Evangelical church are still being continued. Contrary to expectations Rev. Thos. Bell of Red Deer is assisting during this entire week. The attendance

and interest has been exceptionally good and is still on the increase. The Sunday services are as follows: German communion service at 10.30 a. m., Sunday school and evening services as usual. Rev. L. H. Wagner will have charge of the meetings on Sunday. Everybody is cordially invited to attend any or all of these meetings.

The annual meeting of the Citizens Band and the officers and executive of the band are requested to meet in D. S. Shantz & Co.'s hardware store on Friday night at 8 o'clock ing to.

in his district. With the shipping connection established through this shipment, Mr. Taittinger expects to be able next year to export a ship load of malting barley to the English firm.

The agricultural branch of the C. P. R., Department of Natural Resources, is at all times willing to help any farmer in the marketing of his crop. All he has to do is to send in a small sample, about eight ounces of his grain, with the government germination test. The service is absolutely free of charge.

A short time ago Mr. Taittinger submitted a sample of his two-rowed Chevalier barley to the Agricultural branch of the Natural Resources Department. The sample, which showed the crop to be of excellent quality, was immediately sent to Hugh Baird & Sons, one of the most famous maltsters in Great Britain. The firm replied that the barley was just the kind they were looking for and offered \$1.02 per bushel, which price, after carriage is deducted, nets Mr. Taittinger about 70 cents per bushel.

Mr. Taittinger's crop took the championship at the last Dry Farming Congress and has been in great demand, his neighbors offering 75 to 80 cents per bushel for seed. The whole crop could have been disposed of at that price but Mr. Taittinger is looking to the future of the barley exporting industry of his district. So he divided his crop into two parts, one to export to the maltsters mentioned and the other to sell for seed

Make This Test

How to Tell if Your Hair is Diseased.

Even if you have a luxuriant head of hair, you may want to know whether it is in a healthy condition or not. 98 per cent. of the people need a hair tonic.

Pull a hair out of your head, if the bulb at the end of the root is white and shrivelled, it proves that the hair is diseased and requires prompt attention if its loss would be avoided. If the bulb is pink and full, the hair is healthy.

We want everyone whose hair requires treatment to try Rexall "93" Hair tonic. We promise that it shall not cost anything if it does not give satisfactory results. It is designed to overcome dandruff, relieve scalp irritation, to stimulate the hair roots, tighten the hair already in the head, grow hair and overcome baldness.

It is because of what Rexall "93" Hair Tonic has done and our sincere faith in its goodness that we want you to try it at our risk. Two sizes, 50c and \$1.00. Sold only at our store—The Rexall Store, H. W. Chambers.

ESTRAY—One chestnut mare about 4 years old, branded O on left shoulder; one front foot and two hind feet are white. Owner can have same by paying expenses MRS WM MUELLER

STRAYED—One 2-year-old black filly, white strip in face and a few white hairs on left hind foot just above hoof, no brand. Reward for information leading to recovery. JOE JONES, Westward Ho, Alta.

This is the season of the year when mothers feel very much concerned over the frequent colds contracted by their children, and have abundant reason for it as every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases that so often follow. Chamberlain's Cough Remedy is famous for its cures, and is pleasant and safe to take. For sale by all dealers.

THE PIONEER, DIDSBURY, ALBERTA.

RETURN TO THE NORTH

STEFANSSON ANXIOUS TO GO BACK TO THE WILDS

Seeks Commission From Canadian Government to Continue Exploration Work in the Northern Part of Canada—Opposed to all Efforts Towards Civilizing the Eskimos.

Ottawa.—Vilhjalmur Stefansson, the explorer, who has spent a half dozen years within the Arctic Circle, representing Canadian interests in the joint expedition sent up under the direction of Stefansson and Lieut. Anderson by the United States and Dominion geological surveys, arrived in Ottawa. It is understood he will lay before the Government the results of his last expedition with a view to securing support for another trip north.

Stefansson during the course of his explorations, which were mainly ethnological in character, sent a series of letters to the general survey describing his movements, and referring briefly to his hardships, which were many, the explorers having to live for periods on seal oil and tea leaves, helped out with the usual chewed moccasins.

Interviewed, however, he states that Arctic hardships are by no means as disastrous as one would gather, and that it is above all the life for him. He desires to go back north to continue his explorations, although this is his first trip to civilization after years spent beyond the outer fringe of it.

He is in hopes that the Canadian Government will take steps, while there is yet time, for the protection in Central Arctic Canada and Victoria Land of the caribou and musk oxen and the Eskimos as well; all, he thinks, being in danger of extinction. Mr. Stefansson's expressed wish, in fact, in regard to the new race of white Eskimos, whom he discovered up north was that no attempt would be made to civilize and Christianize them.

Mr. Stefansson is making arrangements for the trip into the Arctic for the purpose of exploring for geographical and other information, the last of the unknown northern lands. He expects to make a start from Victoria in May, and will be accompanied by six men. Mr. Stefansson will, in all probability, make his headquarters on St. Patrick's Island. He will remain in the north for three years. It is quite probable that the expedition will be clothed with the authority of the Canadian Government to take possession in the name of the Dominion of any new lands discovered.

Stolen Gainsboro

London.—Messrs. Agnew and Sons, art dealers, together with Mr. Chas. John Engledew, and the executors of the late D. L. Allen, are being sued in the London court by Mr. William Fitzwilliam Burton for the recovery of a Gainsborough picture of the daughter of the first Earl of Rossborough head of the Burton family, which it is alleged mysteriously disappeared from Burton Hall, County Antrim, Ireland, and was afterward sold at Christies by the late D. L. Allen, an aviator, to the Agnews for \$42,000.

The case aroused considerable interest.

FOR SELF GOVERNMENT

Indian National Council Pass Resolution at Congress

Bankipore, India.—At the final sitting of the Indian National Congress a resolution was carried in favor of provincial autonomy. Surendranath Banerjee, who proposed it, made it clear that what Indians aimed at eventually was colonial self-government.

A resolution was also passed expressing appreciation of Mr. Gokhale's exertions on behalf of the Indians in South Africa and the Congress closed with cheers for the King-Emperor and the Queen-Empress.

IRISHMEN SAVE GOVERNMENT

Asquith Nearly Defeated on Welsh Disestablishment

London.—In the House of Commons the Irish Nationalists again saved the Government from defeat on the Welsh Church disestablishment bill. A crucial Unionist amendment on this measure was beaten by twenty-nine votes, the poll standing 249 to 220. The bill was ultimately passed on its second reading.

Will Not Cut Rates

London.—The Austro-American Shipping company, says a Vienna dispatch to the Times, announces that it has decided not to cut the passenger rates between Trieste and Canada, in order not to artificially stimulate immigration to the Dominion. The company's rate will remain at 165 kronia, although the Canadian Pacific rate had been reduced to 140.

Measure Goes to the Lords

London.—A motion to reject the Welsh disestablishment bill was defeated in the House of Commons by a vote of 240 to 347. The bill then passed its third reading without division. Later it formally passed its first reading in the House of Lords.

Canadian Cadets in England

London.—A detachment of Canadian naval cadets, in command of Lieut. Law and Instructor Robins have arrived in Liverpool on board the Tunisian, to receive a further year's training on H.M.S. Berwick. The cadets will join the cruiser at Chatton.

SHY OF CANADIAN LOANS

London Shows Increasing Reluctance to Invest in Canada

London.—Canada is feeling acutely the reluctance of investors. She is finding it difficult to raise sufficient capital to provide for the large expenditures of the coming year. So far, all new issues have had but a poor reception. The Edmonton-Duvelon Railway and also the Toronto 4 per cent. loan being placed at a discount. Canadian Pacific's new stock is inert, acting as a drag on the old.

That Canada will have to curtail her building programme this season seems to be the general expectation. The new Soo Railway scheme is exciting much interest, but it is hardly thought that a loan will be attempted for some time.

All classes of colonial loans are weak. They have been passed from the 4 to the 4 1/2 per cent. type. The latest example of the higher value of investment money is furnished by the Winnipeg \$3,700,000 which was brought out at 4 1/2 per cent. at par.

G.T.P. IN MOUNTAINS

Final Gap Contract Sublet by Foley, Welsh and Stewart

Winnipeg.—Foley, Welsh and Stewart sublet the final gap in the Grand Trunk Pacific Railway in the Rocky Mountains, lying between Fort George and Frazer Lake. Owing to the mild winter the contractors claim they will have no difficulty in connecting the two ends of steel east and west this year, and of running trains through from Prince Rupert late in the fall.

The big bridges across the Porphy and Boulders rivers, the largest on the G.T.P. in British Columbia, with the exception of that across the Skeena, are completed and less than four hundred miles separate the eastern and western lines under construction. The winter in British Columbia has been exceptionally mild, the only drawback being that the Fraser River usually frozen so that roads can be built down it, has been open all winter.

SOUTH AFRICA TO FALL INTO LINE

High Commissioner Declares Union Feels It Must Aid the Empire

London.—At a visit of inspection by a party of New Zealanders to the latest battleship, New Zealand, Col. Allen, minister of defence for New Zealand, said the Dominions must give not only more ships to the Imperial navy, but more men also.

Sir Richard Solomon, high commissioner of South Africa, said there was a strong feeling in South Africa that the union should fall into line with the other Dominions in contributing to the Imperial navy. The new warship will be inspected by the king.

PRINCE RECOVERING

Little Czarevitch Showing Signs of Great Improvement

Yalta, Crimea, Russia.—The Imperial Crown Prince Alexis of Russia is still unable to straighten his left leg at the knee, owing to injury he sustained recently, but according to the physician in attendance, this lameness will rapidly disappear. General Dunbadge, who returned from the palace of Tsarkoe-Selo, visited the youthful prince, and conversed with him repeatedly.

He says the lad is as full of spirit as ever and has grown considerably taller, and more muscular since last spring.

The members of the Imperial family are delighted with the rapid and satisfactory recovery of the prince.

Distribution of Picture Films

New York.—The distribution of the motion picture films is not a utility which might further the public good; therefore the Greater New York Film Rental Company cannot compel the Motion Picture Patents Company to supply it with films. Supreme Court Justice McCall so ruled.

In matters closely touching upon the public interest, reads his decision, monopoly of trade to the exclusion of one whose service might further the public good may be regulated or retained by the subject of this action—the distribution of motion picture films—is not within this class of public utilities.

Premier Has Heard Nothing

Victoria.—Premier McBride has not had any official communication with any American railway men regarding the extending of Pacific Great Eastern Railway north to Alaska, or to the southward for a connection with Mexico.

The Pacific Great Eastern is now looking for a route into the Peace River country, and next year the question of its extension in that direction may be taken up.

It is within the realm of possibility that when the Panama Canal is opened to traffic, connection may be made by the Pacific Great Eastern with railways to the south.

Marconi Inquiry

London.—Messrs. Agnewson was further cross-examined in the Marconi contract inquiry. He said the biggest objection to the Marconi Company's agreement with the Postmaster-General concerned the ten per cent. royalty.

The committee informed Mr. Marconi, who is about to leave for America, that it would be unable to call him until after Easter.

TO HANDLE THE CROPS

GOVERNMENT TO DETERMINE BEST ELEVATOR LOCATIONS

Plan the Construction of a System of Interior Elevators and Transfer Elevators at the Coast and Hudson Bay

—Sample Markets at Winnipeg and Fort William.

Ottawa.—Probably the most important feature of the Canadian Grain Commission report tabled in the house by Hon. George E. Foster, is that in order to provide adequate facilities for the handling of the future grain crops, an effort would be made to take full advantage of the completion of the Hudson Bay railway and the Panama Canal. This could best be done, the commissioners say, by the construction of a system of interior elevators, transfer elevators on the coast and Hudson Bay. Suggestion is made that the board should be authorized by government to investigate and report on the most suitable location for these elevators. The board takes it for granted that such a system of elevators would be both owned and operated by the government.

The board recommends that sample wheat markets should be established in Winnipeg and Fort William by Sept. 1, 1913, and that the railway companies be requested to grant facilities for taking samples at such points as shall be agreed upon by the railway commission and the grain commission.

Another suggestion is that there should be established in Winnipeg a laboratory for testing the milling and baking qualities of the Canadian grain. This, the commissioners think, could be established in connection with the Winnipeg Agricultural College. Other recommendations are that there should be one inspection at the head of the lakes instead of two; that there should be a reduction in the number of inspector districts in the eastern division; that there should be a chief inspector for the western division; that a weighmaster should be appointed for the western division to have charge of a weighing department and that a system of registration and cancellation of the warehouse receipts should be established.

The report states that there are in the west 2,225 country elevators with a capacity of 67,000,000 bushels. The work of inspecting these elevators is done by the deputy inspector, but owing to their number it is impossible for him to do it thoroughly and they can be inspected only on special occasions. The capacity of the terminal elevators at Fort William and Port Arthur is given at 27,820,400 bushels, as compared with 25,700,400 in 1911.

TO TEST CITIZENSHIP LAW

California Suffragette, Married to Englishman, is Deprived of Citizenship

San Francisco.—Ethel Mackenzie, wife of Mackenzie Gordon, concert soloist, and San Francisco clubman, who is a British subject, has begun proceedings in the State Supreme Court to test the interpretation of the federal law that a woman who marries an alien loses her citizenship through being compelled to take the political status of her husband.

Mrs. Mackenzie, who was one of the leaders in the suffrage campaign which resulted in the enfranchisement of Californian women recently was refused registration by a ruling of the board of election commissioners. In her petition filed recently, Mrs. Mackenzie asks for a writ of mandamus, compelling the board to allow her to register.

The Act of Congress by which she was prevented from registering, was passed in March 1907. She contended that it does not apply to her, as she has not lived outside the United States.

AUSTRALIAN CAPITAL

Plans Being Considered to Beautify Chief City

Melbourne.—The Commonwealth has recently expended about \$30,000 in connection with designs for the federal capital. Of this sum \$15,000 was allotted as prizes among three designs selected by the majority of an independent board of examiners and \$2,000 was given for the purchase of the first design in a minority selection.

A Home Affairs Department Board has, however, reported their inability to recommend the adoption of any one of these designs and advise approval of a plan incorporating certain features of all of them. The Department Board considers that the plan recommended by them provides for the present and the future and should result in the creation of a practical and beautiful city.

French Marine Strike

Marseilles, France.—The steamship Canada, of the Faure Line, sailed for New York with a staff of officers from the port of St. Malo. The strike continues and efforts are made by the officers who deserted their ships to induce their comrades arriving in the port on their vessels to join the movement. The cause of the strike is stated to have been the failure of the company to grant improved conditions and pay for the officers.

Niagara Ice Bridge

Niagara Falls, Ont.—The first ice bridge to span the lower Niagara river this year formed on the first anniversary of the tragedy of February 4, 1912, when three people were swept to their death on a similar bridge, which broke from its moorings and slowly disintegrating, passed down the river.

C.P.R.'S NEW LAND POLICY

Will Sell no More to Speculators, but Settlers Will Receive Every Encouragement

Calgary.—With the return to Calgary of J. C. Dennis, head of the Natural Resources Department of the C.P.R., now in England in the interests of the colonization work of the Canadian Pacific announcement is made of the opening of settlement of the company's irrigation block in the Bassano district, comprising 600,000 acres of land, all subject to irrigation.

In connection with this announcement will be the declaration of the new settlement policy of the Canadian Pacific which will provide that in future no C.P.R. lands shall be sold to speculators but only to actual settlers under agreement for improvement and cultivation. The period for paying for the land will be extended to twenty instead of ten years as in the past and a loan of \$2,000 will be made to each settler to enable him to make his improvements while, as an encouragement to mixed farming, \$1,000 worth of live stock will be provided at cost price. The whole to be paid back in 20 years in annual instalments at interest of six per cent.

The company is making a special effort to attract emigrants from the countries of Northern Europe, particularly Scandinavians and Danes whom the company considers the best dairy farmers in the world and Germans whom it recognizes as among the best mixed farmers. An effort will be made to colonize the whole of the eastern half of the big irrigation block with settlers from those countries.

New Railway to Hudson Bay

Vancouver.—Vancouver promoters of the Pacific and Hudson Bay Railway are asking Federal Government to guarantee bonds for the building of a railway from Bella Coola northward, through central and northern British Columbia, through the Peace River country, thence to Alberta by the Paint River Pass, and ultimately on to Hudson Bay.

The plan put up by the promoters to the Government, is that an immediate start at construction will be made this summer, if the government will guarantee the bonds of the 800 miles now contemplated at \$40,000 per mile, these being thirty year debentures at four and one half per cent. per annum.

The company does not intend to ask for any financial assistance from the government of British Columbia. The promoters say they have spent a quarter of a million dollars, gathering data and making surveys.

Bella Coola is 225 miles north of Vancouver, midway between this city and Prince Rupert. The leading promoters are E. C. Harris and W. D. Verschoyle.

FREIGHT RATES CASE

J. P. Muller, United States Expert Employed by Dominion Govt.

Ottawa.—The latest development in the western freight rates inquiry is the employment by the Dominion Government of Jean Paul Muller, the United States freight rate case expert. Mr. Muller has been retained to assist Mr. Blackwell, of Toronto, and will leave New York in a few days and take up his residence in Toronto. He will go over the remarkable set of exhibits in the case which was prepared by the traffic department of the Canadian Pacific Railway and which formed the basis of the defence of the western roads. He will devote himself to an analysis of the exhibits with a view to attacking the reasonableness of the western rates generally regardless of the question of discrimination.

DESTROY AEROPLANES IN WAR

Small Device Will Cause Machines to Capsize

Paris.—An apparatus has been devised, if all that is claimed for it is substantiated, may have an important bearing on the aeroplane as an engine of war.

General Hirschauer, of the flying corps, has received a communication from the inventor of the apparatus, Dr. Cousin, a scientist who has recently been experimenting on this device with Jules Vedrines, the aviator. He informs the General that the apparatus, which is small and simple, can be carried in a soldier's knapsack, and by provoking disturbances of the air will cause any type of aeroplane to capsize, even if it has ascended to a height of more than one thousand feet.

Expatriated Chinese aid Government

San Francisco, Cal.—A fund of \$400,000 is being raised by Chinese refugees here and within a few weeks will be sent to Wo Hong Mong, governor of the province of Canton, China, to outfit the army that is to protect Chinese interests in Mongolia against alleged Russian encroachments. Already \$25,000 has been subscribed by local Chinese and according to Wong Nagi Tong, secretary of the Chinese Six Companies, while the government has not asked for the money officially, we have government authorization in its collection, he said.

Big Convention of Grain Growers

Saskatoon.—Over 700 delegates are expected to attend the convention of the Saskatchewan Grain Growers Association, which opens February 11. Officers of the association are already arranging accommodation for the delegates. The Saskatchewan Grain Growers' women's congress will meet here at the same time, when it is expected a permanent women's organization will be formed.

THE SUNDAY SCHOOL

LESSON VII—FIRST QUARTER FOR FEB. 16, 1913

Text of the Lesson, Gen. xii, 1-9—Memory Verses 1-3—Golden Text, Gen. xii, 2—Commentary Prepared by Rev. D. M. Stearns.

We closed our last lesson by a very brief glance at the fact that when in the days of Releg, son of Eber, the Most High, the possessor of heaven and earth, divided to the nations their inheritance. He set the bounds of the people according to the number of the children of Israel (Gen. x, 25; Deut. xxvi, 8), although Israel had not at that time begun to exist on earth. To-day there is no nation among the nations called Israel, but in the sight of God Israel is still a nation and shall never cease to be one, and ere long shall be recognized as such, and her king shall sit on David's throne at Jerusalem and shall be king over all the earth, King of kings and Lord of lords (Jer. xxxi, 35-40; iii, 17; Zech. xiv, 9; Luke i

Auction Sale of Geo. R. Pearson

4 miles west of Carstairs on blind line on

Wednesday, Feb. 26

Having received instructions from Geo. R. Pearson, I will sell by public auction at his farm, 4 miles west of Carstairs on the blind line, the old Bedfrendt place, on the above date the following:

30 HEAD OF HORSES—Team of mares, weight 2800; team mares, weight 2600; team of mares, weight 2400; team of mares, weight 2300; team of mares, weight 2300; team of mares, weight 2300 (most of these are in foal); team of black geldings, weight 2500; team of bay geldings, weight 2400; single driver, guaranteed gentle for lady; 2 fillies rising 3 years, gelding rising 3 years, 2 fillies rising 3 years, gelding rising 2 years; 7 colts. These are an extra fine bunch of horses and should be of interest to breeders of good stock.

CATTLE, HOGS AND CHICKENS—3 A1 milch cows coming fresh in spring, 3 calves rising 1 year, 2 sows bred, 5 gels bred, 18 young pigs, 40 chickens.

P. R. REED, Clerk.

For a sprain you will find Chamberlain's Liniment excellent. It allays the pain, removes the soreness, and soon restores the parts to a healthy condition. 25 and 50 cent bottles for sale by all dealers.

Notice

As I have disposed of my interests in the Golden West Hotel, Didsbury, and will be away from town for a few weeks, will those who owe accounts to me please call at the Royal Bank and settle same with the manager. Thanking my former customers for their patronage and wishing them every success.

Yours, etc.,
J. A. QUIRK.

Canadian Dairy Situation

At the recent convention of dairy men in Ontario stress was laid by the leading speakers upon the importance of the home market. The home consumption of dairy products has been increasing rapidly, and is destined to grow even more rapidly in the future. It is reckoned that the Canadian demand for butter, for instance, will develop so fast that the export of these commodities from the Dominion will be of relatively declining importance.

If the failure of the Canadian dairies to keep pace with the increasing consumptive capacity of the country be not overcome soon, the Dominion will have to import butter on a much larger scale than she has ever done before.

Mr. Ruddick, the dairy commissioner of the Dominion, estimates that for the fiscal year ending next March 31st, the imports of butter in Canada, principally from New Zealand, will amount to nearly 7,000,000 pounds.

The cost of transportation amounts to about 3 cents a pound, which is about the cost of storing butter from the summer into the winter months. Since last March not a pound of Canadian butter has been exported to Britain, as compared with 34,000,000 pounds sent there by Canada in 1903.

Dairying today offers large profits under good management. The market situation warrants a large increase in the number of milch cows all through the country.—Commercial

MacKenzie Nominated Moderator

Toronto, Feb. 5.—At the Presbytery yesterday Rev. Murdock MacKenzie of China was nominated for the moderatorship of the next general assembly. Some members of the Presbytery desired to nominate a layman to moderator's chair of the general assembly, but in view of the fact that the practice of the church has been to select a minister only to that office, it was agreed to defer a nomination in the meantime and to prepare an overture to the general assembly.

This is the same Rev. Murdock MacKenzie who visited Didsbury a few weeks ago and spoke in Knox Presbyterian church.

Conservative Convention

Arrangements have been completed for holding the Convention of the Rosebud Conservative Association in Wrigglesworth's hall on Tuesday afternoon, February 18th, commencing at 2 o'clock.

A large number of delegates are expected to be present at this Convention and all Conservatives and those interested in clean government by the people and for the people are invited.

Local Option Vote Restrained

Dr. Strong is to be restrained by injunction from calling for a local option vote in districts 2 and 3. This is the opinion of Chief Justice Walsh, based on the argument that the requisitions were not sufficient to justify action on the part of licensing commissioners.

Requisitions presented in September and October, 1911, to Dr. Strong in his capacity as license commissioner, did not call for a vote, owing to certain technical objections.

An amendment to the liquor license ordinance gave Dr. Strong the right to call a vote, but plaintiffs till now had an interim injunction which is supported by the recent decree of court.

Frank Ford, K.C., and O. M. Biggar, appealed for plaintiffs and A. G. McKay, K.C., and A. C. Grant for Dr. Strong.

A Good Move

It was a good move on the part of the Borden administration in adopting a policy of assisting the Canadian farmer to the extent of one million dollars a year to be spent in education and experiments. The grant cannot be criticised in any way. Such expenditure should have been made earlier. Mr. Burrell is doubtless right when he says that the demand may be so great before the end of the appointed ten years that the annual grant may have to be increased. Let us hope so. Not only is the policy in general a wise one, but the minuter details are more satisfactory. The money is to be spent in encouraging agricultural experiments. The study of agriculture in Canada is in its infancy. We have very little information about our soils and our seeds in this western country. The provinces will co-operate readily with the Dominion in this matter, which is quite right. Together they will do much to improve the condition of the farmer.—Bawlf Sun.

Under New Management

As it has been reported the Golden West Hotel has changed ownership and Mr. H. C. Forrest of Calgary has been appointed as manager. Mr. Forrest comes here highly recommended as a quiet, law abiding citizen, and as he is an old travelling man and has had considerable experience in hotel life, he intends making the Golden West one of the best houses along the line both for the travelling public and local trade as well.

The house is steam heated and has every convenience and is well equipped from top to bottom. A specialty will be made in serving good substantial meals in a clean and appetizing manner and at reasonable prices. The stock of liquors kept will be of the best and will be sold in any sized quantities desired. Give the Golden West a call when in town.

Piercing the Northern Barrier is the title of a story by R. J. Fraser, which occupies the premier position in the February issue of Rod and Gun, published by W. J. Taylor, limited, Woodstock, Ont. This story, which is appropriately illustrated, describes graphically the dangers of a voyage through the ice floes encountered en route from Sydney to Fort Churchill on Hudson Bay. Two Pioneer Trips Through a Playground of Tomorrow (Jasper Park, Canadian Rockies), comes next and Frank Houghton contributes another western tale, The Kid's Luck. Of special interest to followers of the trap line is the first of a series of articles of Small Fur-bearers and How to Take Them. The diary of a Canoe Trip in 1854 from Orillia, Ont., to Ottawa, is of more than passing interest while A Week's Moose Hunt in New Brunswick, Winter Duck Shooting in the Okanagan, Hunting and Fishing in British Columbia, A Qualifying Climb on Storm Mountain, The Vanishing Wild Turkey and other stories make up an interesting mid-winter number.

Auction Sale

Under instructions from
F. A. FOLKMAN

I will sell by public auction on the premises, Sec. 9, Tp. 31, R. 2, W. 5, one mile south and 3 miles west of Didsbury, known as the John Sohl farm, on

Tuesday, Feb. 25

the following consisting of
HORSES—Team gray mares, weight 2400, 5 and 6 years old, in foal; team brown geldings, weight 2600, 5 years old; team, mare and gelding, mare 8 years gelding 4 years old, mare in foal, weight 2400; bay mare, 7 years old, weight 1100; brown gelding colt, 2 years old; buckskin gelding colt, 2 years old; iron gray gelding colt, 2 years old; yearling gelding, spring colt.

CATTLE—3 milk cows, 2 fresh soon, 1 milking; 3 heifer calves 2 years old, in calf; 5 spring calves.

HOGS—5 brood sows, 12 shoats. A few odd articles will also be sold.

Psoriasis All Over Body

Doctors Said Incurable, But Now
There is No Sign of Disease,
Thanks to Dr. Chase's
Ointment.

Mrs. N. Massey.

Psoriasis is one of the most dreaded of itching skin diseases. It is a sort of chronic eczema. The itching it causes is almost beyond human endurance, and doctors are accustomed to give it up as incurable.

But here is a case that was given up and pronounced incurable. The result proves that Dr. Chase's Ointment almost works miracles in curing the worst form of itching skin disease imaginable.

Mrs. Nettie Massey, Consecan, Ont., writes: "For five years I suffered with what three doctors called psoriasis. They could not help me, and one of them told me if anyone offered to guarantee a cure for \$50.00 to keep my money, as I could not be cured. The disease spread all over me, even on my face and head, and the itching and burning was hard to bear. I used eight boxes of Dr. Chase's Ointment, and I am glad to say I am entirely cured, not a sign of a sore to be seen. I can hardly praise this ointment enough."

The soothing, healing influence of Dr. Chase's Ointment is truly wonderful. Eczema, salt rheum, barber's itch, ringworm and scores of such torturing ailments are relieved at once and as certainly cured if the Ointment is used persistently. Mothers find Dr. Chase's Ointment invaluable in preventing and curing the skin troubles of babies, such as chafing, irritations of skin and baby eczema.

Dr. Chase's Ointment, 60 cents a box. All dealers, or Edmanson, Bates & Co., Limited, Toronto.

A liar is often much more amusing than a truth teller.

PILES CURED IN 6 TO 14 DAYS
Your druggist will refund money if PAZO OINTMENT fails to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days. 50c.

SHE USED ONLY THE NATURAL CURE

HOW NOVA SCOTIA WOMAN WAS RELIEVED OF HER HEART DISEASE

Made her Kidneys right with Dodd's Kidney Pills and all her troubles vanished speedily and completely.

Eel Creek, Cumberland Co., N.S.—Suffering from Female, Kidney and Heart Trouble, so run down, nervous and depressed that all the brightness had gone out of her life, and never expecting to be a healthy woman again, Mrs. J. W. Leadbetter of this place tried Dodd's Kidney Pills, and is once more in the best of health. Her simple statement is the best evidence that no case of Kidney disease is so bad that Dodd's Kidney Pills will not cure it.

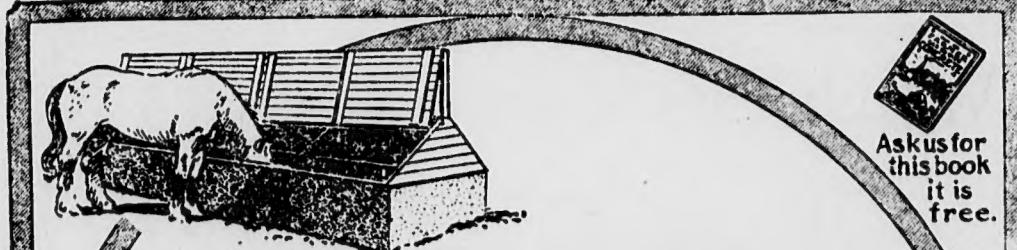

"I was treated by five doctors," Mrs. Leadbetter states. "Four of them did me no good. The fifth operated on me and that gave me relief for a time. I had Female, Kidney and Heart trouble. I was so nervous and run down that my friends did not think I would ever get better.

"An advertisement led me to use Dodd's Kidney Pills and I found in them a cure for all my troubles. I cannot praise Dodd's Kidney Pills too highly."

Female Trouble and Heart Disease are caused by Kidney Disease. The natural way to cure them is to cure the Kidneys by using Dodd's Kidney Pills.

Gertie—I wish you to know that I don't stand on trifles.
Helen (glancing at her feet)—No dear; I see you don't.

It Testifies for Itself.—Dr. Thomas' Electric Oil needs no testimonial of its powers other than itself. Whoever tries it for coughs or colds, for cuts or contusions, for sprains or burns, for pains in the limbs or body, well know that the medicine proves itself and needs no guarantee. This shows why this Oil is in general use.

CONCRETE watering-troughs and feeding-floors help to keep your live-stock healthy.

HORSES and cattle watered from a concrete trough are less likely to contract disease. Concrete is sanitary, easily cleaned—does not rot or leak. Once built, a concrete watering-trough will last forever. You need never waste time "patching it up." Like all concrete improvements, its first cost is its final cost.

WATERING-TRROUGHS and feeding-floors are only two of scores of valuable, every-day improvements that may be made of concrete. All are fully described in our 160-page illustrated book,

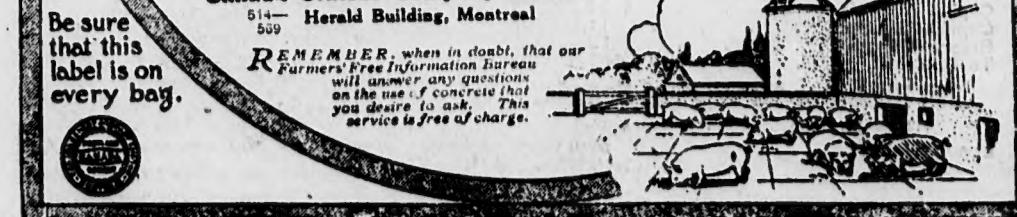

"WHAT THE FARMER CAN DO WITH CONCRETE"

sent free to any farmer upon request. This book has shown thousands of Canadian farmers how to make their farms more profitable. In asking for it, you do not place yourself under the slightest obligation to buy cement, or to do anything else for us. Simply ask for the book, by letter or post card, and it will be mailed at once. Address,

Publicity Manager

Canada Cement Company Limited
514 Herald Building, Montreal

REMEMBER, when in doubt, that our Farmers' Free Information Bureau will answer any question on the use of concrete that you desire to ask. This service is free of charge.

MONEY TO LOAN on improved farms. Old mortgages taken over and increased amounts advanced. No delays. No inspection fees and no commission charged borrower. Old insurance policies taken over and no policy fee. G. B. Sexsmith.

LUMBER—It's a matter of 25 per cent. or more profit to you in getting your lumber from J. T. Johannesson & Sons, Bergen, Alta. They have a fine grade of lumber at very low prices and reasonable terms. Special prices offered on cash deals.

MR. JOEL BALES, 7 miles east and 2 miles south of Didsbury, holds an auction sale of heavy horses and 45 head of choice dairy cows and breeding stock, etc., on Wednesday, Feb. 19.

F. A. FOLKMAN will hold a sale of horses, cattle and hogs on Feb 26th at the John Sohl farm, 1 mile south and 3 miles west of Didsbury.

PIANO TEACHER—Miss Mildred R. Day of Calgary, graduate of the N. E. Conservatory of Boston, will be in town on Saturday of each week. Will call at residence if names are left at Pioneer office. F 5-4

REMEMBER the date of visit of S. L. Taube, Eyesight Specialist of the Taupe Optical Company of Calgary and Vancouver, who will be at Chambers' Drug Store, Didsbury, Alberta, Thursday, February 13th, 1913. If there is anything wrong with your eyesight don't fail to consult him. All work absolutely guaranteed as tested.

EIGHTY-FIVE per cent. of the headaches are the result of eye strain. If you are troubled that way, consult S. L. Taube on his visit to Chambers' Drug Store, Didsbury, Alberta, Thursday, February 13th, 1913.

M. MECKLENBERG, A. M., the eminent and reliable eye specialist, will again be at the Golden West Hotel, Didsbury, on Monday, Feb. 10th. The best and proper fitting glasses at moderate charges.

FOR SALE—Good milk cow rising 6 years old, a bargain. Further information apply S. E. Baughman, Didsbury.

House and Lot For Rent or Sale

A house, chicken house and sheds and lot for sale. This house and lot is situated immediately east of Mr. Fred Moyle's residence in East Didsbury. For terms and particulars apply G. B. Sexsmith.

A mistake occurred in Mr. Sexsmith's auctioneer card last week. It was stated that a sale would be held on E. Shantz's place "straight east of town." This should read "straight west."

P. J. Nolan, the well known criminal lawyer of Calgary and one of Calgary's old timers, died at his residence rather suddenly on Monday. "Paddy," as he was known all over the west, had only been sick a few days. Ever since he came to Calgary in 1899 his name has been connected with that city's progress and he will certainly be missed in the city to the south.

Stop that Cough

instantly!

We have the remedy. Come in here and let us explain how we have cured hundreds of worse cases than yours with

Rexall Cherry Bark Cough Syrup

Especially suitable for children. Call in today for a trial bottle, price 25 and 50 cents. Delays are dangerous when you have a cough like that.
